**OFFICE OF EMERGENCY MANAGEMENT
REGULATION, EVALUATION AND TECHNICAL SUPPORT**

REQUEST FOR OFFER: PR-OLEM-18-00254

TASK ORDER TITLE: **Response Award Development**

TASK ORDER STATEMENT OF WORK

I. BACKGROUND

The Office of Emergency Management (OEM) supports emergency responses, time and non-time critical removals as defined in the National Oil and Hazardous Substances Contingency Plan (NCP) and major responses under the National Response Framework (NRF), programmatic and coordination support also extends to various activities related to Department of Homeland Security (DHS) initiatives and chemical emergency preparedness and prevention.

II. SCOPE OF WORK

The purpose of this task order is to provide technical assistance to OEM as it designs and distributes a national award to celebrate response excellence during the 2017 Hurricane and Wildfire Season. EPA plans to distribute 1750 challenge coins to awardees. Each coin will be accompanied by a display case.

III. PERIOD OF PERFORMANCE

The period of performance for this statement of work shall be date of award through **ESTIMATED June 30th 2018**.

IV. TASKS

Task 1: Challenge Coin Design

Within the allotted time the contractor shall design a challenge coin that is 2 inches in size with color on both sides. For the coins, we envision a 2-inch, 3D coin with color on both sides. The front of the coin will have an inner circle with the EPA Emergency Response program logo. The outer circle will say "HURRICANES HARVEY, IRMA, AND MARIA • THE CALIFORNIA WILDFIRES."

The contractor shall also design the back of the coin. The design should convey the sentiment that EPA staff from all across the country worked together to respond to incidents from Puerto Rico to California (and regions in between). EPA asks that workers depicted in the design be easily identifiable as associated with EPA and that the workers represent different genders. The design should include the phrases "response excellence" and the year, "2017." The outer circle of the back of the coin should say "PROTECTING HUMAN HEALTH AND THE ENVIRONMENT ALL ACROSS AMERICA."

The contractor shall present the Agency with two design options for the back of the coin and the Agency may request up to three rounds of edits to the selected design prior to production. Designs for the front and backs of the coins should be in color. Rough sketches of the front and back of the coins are presented in the appendix. Please note that EPA does not want this exact design, but expects the contractor to develop something more appealing. This is merely a concept to relay the Agency's intended sentiment.

When the contractor submits the initial designs for the challenge coin, the submission should also include presentation options (a display case/individual holder) for the Agency to choose from.

DELIVERABLES	DUE DATES
Initial Designs for the Challenge Coin	Within 2 weeks of award
Edits to the Challenge Coin Design	Within 10 days of Agency request (pre-production only)

Task 2: Challenge Coin Production

After the design is finalized, the contractor shall produce the challenge coin award and ship the coins and holders to the OEM office in Washington, DC.

DELIVERABLES	DUE DATES
Final Challenge Coins with Display	Within 4 weeks of final coin design selection
